How a Portion of the Main Group of Exhibit Palaces at the Panama-Pacific International Exposition Looks Ten Months Before the Gates Open

This view, taken from the roof of the completed Palace of Education and Social Economy, shows nearly fifty acres under roof. Along the bay shore, beginning at the left, are the Palaces of Food Products, Agriculture, Transportation and Mines. In the distance is the completed Palace of Machinery, covering about nine acres, in which exhibits are now being installed. To the right are the Palaces of Liberal Arts, Manufactures and Varied Industries building operations.

AMERICANS BEING SENT TO HOLLAND

Emergency shipping trainloads of Stranded Tourists to Amsterdam—Where They Are Being Cared For.

Washington, Aug. 14.—A dispatch from Ambassador Gerard at Berlin via Copenhagen was received today at the State Department. It left Copenhagen at 3:10 p. m. yesterday. Americans being sent to Holland on special trains. Gerard's message said in part: "Holland's railway boats are running. I have had a relief department in the embassy for 10 days and have been sending money to American consuls throughout Germany. The embassy staff and Mr. Rudolph of Chicago have contributed money to the relief department. Mrs. Gerard and Mrs. Biddoes are running this department and giving daily allowances to destitute Americans. I have arranged with the Dresden bank and its branches to cash letters of credit and checks on American banks when stamped with a consular seal. I can send notes to all Americans in Germany through Wolf's News Bureau. Crowds of Americans have stormed the embassy for days."

DON'T GIVE UP.

Discouraged Citizens Will Find Comfort in the Experience of a Salem Man.

Experience is the modern instructor. Profit by the experience of others. It may save your life. The experience of friends and neighbors.

The testimony of Salem people will bring renewed encouragement. Here is a case in point:

J. H. Panton, 1415 Lee St., Salem, says: "A cold settled on my kidneys, causing pain through my back. I knew that my kidneys were to blame, and hearing several local citizens endorse Doan's Kidney Pills highly, I began using them. They were just what I needed to relieve the pain and other kidney troubles. Whenever I have taken Doan's Kidney Pills since, a few doses have brought me relief. Price 50c at all dealers. Doan's simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Dr. Panton had. Foster-Milburn Co., Peppa, Buffalo, N. Y."

Are tracts just outside of the city limits, all in bearing orchard, good soil, \$6 per month. If you are looking for an acre tract look these up.

If you want to buy, trade or sell, write.

AUSTRIAN PROVINCE STARTS REVOLUTION

Population of Herzegovina, Largely Servile Revolts and Austria Is Badly Hurt in Attack on Serbia.

Athens, Aug. 14.—A revolution in the Austrian province of Herzegovina has begun. The Austrian military authorities in their preparations to resist a combined Serbian and Montenegrin invasion, according to dispatches received here today.

The province's population is largely Servian, and large numbers of its people, it was stated, are already armed and in the field to help the invaders. Instead of taking steps to check the Servians and Montenegrins, the Austrians are forced to fight these rebels.

With Montenegrins already in control in southern Dalmatia and the allied Servians and Montenegrins taking position after position in Bosnia, it was expected their forces would be in Herzegovina within the next few days.

SUGAR JUMPS AG. IN.

Los Angeles, Aug. 14.—Wholesale sugar prices advance here today, cane to \$8.05 and beet to \$7.85 per 100 pounds.

THOUSANDS DEAD OR

(Continued from page one.)

German in the Vosges mountains, on the frontier, was very severe and continued for five days. As a result of it the French today held every mountain pass. Bygone charges and hand to hand fighting were frequent. There were very heavy losses on both sides.

Claim Many Desert.

The German forces have proved a great surprise to the French. Perfect organization and equipment were looked for among the enemy. Both were found lacking.

The German commissary, too, is inadequate and the men are more than half starved. Their ammunition is poor and their rapid fire frequently jam.

German desertions have been numerous. The deserters are mostly discouraged youths who declared they did not know or care what they were fighting for and their officers have driven them into action in the face of the French fire.

On charges of resisting the troops or for various other alleged military offenses, a number of the residents of French frontier towns, including several civil officials, have been shot by German raiders.

Losses Are Appalling.

Paris, Aug. 14.—There has been furious fighting between French and Germans in the Vosges mountain passes, the Paris war office announced today.

It was stated that the Germans tried to recapture the positions which the French occupied last Sunday.

A French victory was claimed.

One entire German division was said to have been surrounded in the mountains and forced to surrender.

The list of killed and wounded, it was stated, was appalling on both sides.

A German aeroplane, flying the French flag, said the war office, dropped three bombs into the town of Vesoul and two into Lure, but without doing much damage. French sharpshooters drove the aviator off.

as Germany States It.

Berlin, Aug. 13.—(Delayed and doubly censored)—Germany's advance on the French frontier is proceeding as planned. The losses the Germans have sustained were anticipated.

The forward movement continues along the lines the general staff selected. The fact it continues toward Paris shows that the claims of German dispatchers are unfounded.

French and Belgian prisoners are being held in concentration camps.

Details of army positions are unknown.

TURKEY IS WARNED NOT TO USE CRUISERS

Sale of German Cruisers to Turkey Is Looked Upon as a Blind, and Italy Tells Turkey They Must Not Be Used

Rome, Aug. 14.—Warning not to use the cruisers Goeben and Bresina in the Mediterranean was to be given by Italy to Turkey, it was understood here today.

The two cruisers are the same which, flying the German flag, landed the coast of French North Africa last week and subsequently were captured and destroyed by French and British warships, finally taking refuge in Turkish waters.

A report was current shortly afterwards that Turkey had bought them from Germany. The Turkish ambassador in London denied this, but he was evidently misinformed. There seemed no question today that the transfer had been made.

If Germany sold them, it would have been Turkey's business, as a neutral power, to discern and later then, until the war ends.

The British, French, Russians and their friends, who have all along suspected Turkey of favoring Germany, believed the sale was a mere excuse to avoid this step, and expected to see the two cruisers at active as ever as soon as they deemed it safe to emerge from the Dardanelles again. Hence the contemplated warning to Turkey.

The choice of Italy, formerly Germany's ally, to send this warning to the sultan, was deemed highly significant of the change in Italian sympathies.

The Italian press was emphatic in its condemnation of the sultan's purchase of the two ships.

"The German officers' preparations at Messina for a noble death and their clearing of their ships for action was a crime," said the Tribune. "The vessels steamed direct for Turkey. That country's purchase of them was entirely contrary to the laws of warfare."

PRICE OF SUGAR GOES UP HALF A DOLLAR

San Francisco, Aug. 14.—The price of sugar jumped again today. An increase of 50 cents per 100 pounds was registered, the price now being \$7.50. The same price, it was announced here, also prevails throughout the coast. It was denied that any combination to advance the price of sugar existed here. Local dealers declared they were guided solely by the New York price, which was based on a world-wide shortage, expected to result from the European war.

"Conditions in San Francisco today are almost exactly as they were during the period following the great fire of 1906," said Secretary F. B. Connelly, of the Retail Grocers' association. "Dealers find it hard to get many lines, and are making higher bids for the more desirable goods. That accounts for the increased price of some commodities."

MANY CLAIMS FILED WITH THE COMMISSION

The last two days have been record-breakers at the offices of the state industrial accident commission, and 52 claims have been received during that time. Of these, three were death claims and one the claim of a laborer who lost one leg and a part of the other foot. The rest of the claims were of a minor nature. The funds are pouring in to the coffers of the commission at the rate of \$2,500 per day, or about \$75,000 per month.

A reserve fund of between \$300,000 and \$400,000 will be created and when this sum is reached the money will be turned into a fund to guarantee the payment of pensions fixed in death claims.

BRITISH AND GERMAN SHIPS EXCHANGE SHOTS

German Ship Runs Away, Evidently Not Caring to Risk Injury, Her Design Being to Prey on Merchantmen.

Halifax, N. S., Aug. 14.—Details of a running fight at sea between the British warship Bristol and the German cruiser Karlsruhe were furnished here today by the British cruiser Suffolk. The battle occurred on the night of August 6 and lasted half an hour. The ships exchanged broadsides without inflicting much damage.

The Bristol is the smallest warship of the British Atlantic fleet, while the Karlsruhe is the largest of German cruisers in these waters. The Karlsruhe was fleeing from the British cruiser Suffolk, which had intercepted it while coaling at sea from the North German Lloyd steamship Kronprinz Wilhelm. Several hours later the Bristol met the Karlsruhe. According to the British officers, the Germans would not stand and fight but altered their course, and using their superior speed, gradually drew out of range and disappeared.

MAY BE TROUBLE AT WHEATLAND HOP RANCH

Sacramento, Cal., Aug. 14.—Carefully guarded by private watchmen, close to 1,000 persons are picking hops on the Wheatland ranch of Durst Brothers, according to reports here today. The ranch, the scene of the fatal riots a year ago, is reported to be in much better condition, from a sanitary standpoint, than last year. I. W. W. pickets are still marching to Wheatland. They have rented a hall there of Women's Civic club, and intend to hold meetings. The club officials, learning who rented the hall, are seeking to have the contract cancelled.

NEW YORK'S POOR

(Continued from page one.)

All Indicate Conspiracy.

Washington, Aug. 14.—Preliminary reports received here today by the department of justice from United States district attorneys throughout the country declared that many increases in the price of foodstuffs were not justified and indicated a conspiracy to boost prices.

Hundreds of telegrams were received by Attorney general McReynolds, who will report to congress within a week. In many places, it was said, meat, eggs, butter, poultry and cheese dealers were creating an artificial famine by holding such foods in cold storage, in the hope of forcing up prices.

Coal Takes a Jump.

San Francisco, Aug. 14.—Coal prices were expected to soar here within a few days. With the supply getting short as a result of limited shipping from Australia and British Columbia, a jump of not less than \$4 per ton in the price of soft coal was predicted. Anthracite coal, now selling at \$15 per ton, was expected to go to \$20.

AMERICA IN CHARGE.

Washington, Aug. 14.—American Ambassador Page cabled the state department today that he had taken charge of the Austrian embassy in London. Chandler Hale is in charge.

BIDS FOR WOOD.

Sealed bids will be received by the undersigned until Monday, August 24, at 12 o'clock noon, for the delivery of one hundred fifty (150) cords of fir wood to be delivered before October 1, 1914. The Court reserves the right to reject any or all bids.

Max Gehlhar, County Clerk.
